

Basis of Structural Timber Design  
from Research to Standards

Joint Conference  
and 6<sup>th</sup> Workshop  
in Graz

Programme of WG2 Meeting

**Programme – WG2 “Solid/Massive Timber”**

**6<sup>th</sup> Workshop “COST Action FP1402”**

**following “International Conference on Connections in Timber Engineering –  
From Research to Standards”**

Graz University of Technology, Austria

Thursday, September 14<sup>th</sup> 2017 & Friday, September 15<sup>th</sup> 2017

**WG 2 – Solid/Massive Timber**

Roberto Tomasi

Reinhard Brandner

## PROGRAMME

### Thursday, September 14<sup>th</sup> 2017

- 13:00 – 15:00      **Common WG2 presentations**  
Welcome | Outline | Timeline | Miscellaneous  
Reinhard Brandner, Roberto Tomasi
- Mechanically jointed cross laminated timber (CLT)  
Lukáš Velebil - Czech Technical University in Prague
- State of the art of seismic design of cross laminated timber  
Stefano Bezzi – University of Trento
- State of the background documents in TG1, TG2 and TG4  
Thomas Moosbrugger, Erik Serrano, Roberto Tomasi
- 15:00 – 15:30      Coffee Break
- 15:30 – 17:00      **separate TG's meetings and presentations**

### Friday, September 15<sup>th</sup> 2017

- 08:30 – 10:00      **separate TG's meetings and presentations**
- 10:00 – 10:30      Coffee Break
- 10:30 – 11:30      **separate TG's meetings and presentations**
- 11:30 – 12:00      **Common WG2 presentations**  
State of the background documents in TG1, TG2 and TG4  
Thomas Moosbrugger, Erik Serrano, Roberto Tomasi
- 12:00 – 13:00      Lunch
